JIGSAW

Place A to F once each into every row, column and bold-lined jigsaw region.

NUMBER PYRAMID

Fill in the pyramid by following these rules:

- Each block equals the sum of the two blocks directly below it.
- Use the given numbers to work out the missing values.
- Start from the bottom row and work your way up.
- Check your answers by making sure every block matches the sum of the two blocks beneath it.

Example: If two adjacent blocks contain 3 and 5, the block above them should contain 8.
