Crack the code

Following the hints below, can you discover the mystery three-digit code?

7 4 3	One digit is right, and in the right place.
7 1 2	One digit is right, but in the wrong place.
3 7 9	Two digits are right, but both in the wrong places.
6 8 4	All digits are wrong.
8 9 6	One digit is right, and in the wrong place.

Letter loose

Complete the grid by removing one letter from the previous word for each row, with the remaining letters forming a complete word (and in the same order). Can you make it to the end? Time to test your vocabulary!
